Syed Murtjiz Naqvi

Frontend Engineer | React | JavaScript | Redux | HTML | CSS |
Bootstrap | Tailwind Css
Rawalpindi, Punjab, Pakistan

Summary

Dynamic Frontend Engineer with a passion for crafting intuitive, visually engaging web applications. Proficient in React, JavaScript, Redux, HTML, CSS, Bootstrap, and Tailwind CSS, with a proven record of delivering seamless, high-performance interfaces. Known for strong collaboration and communication skills, consistently working alongside cross-functional teams to transform ideas into polished, user-friendly applications. Committed to continuous growth, staying current with the latest industry trends, and bringing a refined, modern approach to frontend development.

Experience

Pakipreneurs

Frontend Developer

July 2024 - Present (5 months)

On-site During my 6-month internship as a Front-End Engineer, I worked on designing and building responsive, user-friendly web applications. I collaborated with cross-functional teams to develop and optimize UI components using HTML, CSS, and JavaScript frameworks like React/Redux. I gained hands-on experience in writing clean code, enhancing web performance, and ensuring cross-browser compatibility. This role sharpened my skills in modern front-end technologies and best practices, while also giving me valuable experience in Agile development and version control systems like Git.

Education

Foundation University Islamabad (FUI)

Bachelor in Software Engineering, Computer Software Engineering
